If Licensee is a US government agency, this License Agreement is subject to the Contract Disputes Act of 1978, as amended (41 USC 601–613), in lieu of the arbitration provisions of this clause. This express prohibition on patenting shall not apply to Licensee's software and technology except to the extent that Esri technology or services, or any portion thereof, are part of any claim or preferred embodiment in a patent application or a similar application.

8.11 Entire Agreement. This License Agreement constitutes the sole and entire agreement of the parties as to the subject matter set forth herein and supersedes any previous license agreements, understandings, and arrangements between the parties relating to such subject matter. Additional or different terms included with an order or other document shall not be binding on Esri. Any modification(s) or amendment(s) to this License Agreement must be in writing and signed by each party.
